Collective Worship this Week

This week the collective worship group read the story of Moses to their chosen classes.

After the story the children were asked four questions,

Why did Miriam think the Pharaoh was evil?

Why was Miriam Worried?

What do you think Moses mother felt as she rushed back with Miriam to look after her baby son?

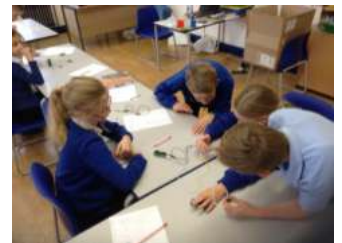

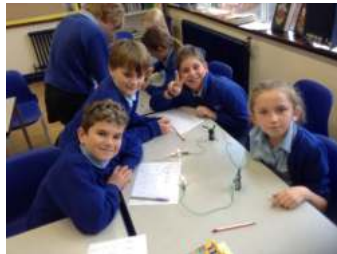

Where would Miriam say God was in the story?

This was then followed by a prayer.

Curriculum

This week, Years 5 and 6 spared no time diving into the school's freshly acquired science resources linked to electricity! The whole class were positively giddy, beginning to work hands-on with the components needed to build electrical circuits. Most impressive was their in-class use of vocabulary learned so far this year, identifying scientific symbols as well as making observations about measures of energy, conductivity and insulation. New components to be added next week in anticipation of presenting a special end-of-term project!

We would like to say a special thank you to FOTS who have funded £260 for the science equipment!

On Wednesday 21st November, Year 1 and 2 were visited by Andrea Adams from Essex Fire and Rescue. She came in to talk to us about what it would have been like in the Great Fire of London. We looked at pictures of the equipment the men and women would have fought the fire with in 1666. We also practised using buckets of water to put out a pretend fire! Andrea was very impressed that we could all answer her questions!
